Our Mission

Our mission is to enable all students to be confident, capable and enthusiastic learners and explorers through:

- Teachers focus on improving student learning outcomes through using data and evidence to inform learning.
- Strategic planning and differentiated programming cater for the diverse range of students' learning needs.
- Teachers foster a learning environment which promotes resilience and persistence and provides opportunities for students to develop skills in working effectively with others.
- Students engage in rigorous learning programs that develop critical thinkers and problem solvers.
- Students act as global citizens developing an awareness of their responsibilities.
- Community and parents have opportunities to participate in learning and decision making partnerships.
